29	11 2/4	46	12		
30	11 3/4	47	13		
31	12 1/4	48	14		

place a paper sheet against the wall

place your heel up against the wall too

make sure your foot is perpendicular to the wall

draw a straight line marking the end of your longest toe

measure the distance between the wall and the line you drew

repeat for both feet, use the longer one in the table to determine your size
